Thank you to Chicken Bandit for serving at The Reading League's live event today. CB was so easy to work with and served delicious food quickly to our hungry teachers.

I work at Treleaven in King Ferry, NY and would recommend anyone looking for a food truck, whether for a private or a business event, to get in touch with Chicken Bandit. Not only is their food spectacular, but they are fantastic to work with and very professional. The winery staff (and our guests) have nothing, but positive things to say when it comes to Dennis, Cindy and their entire crew! We look forward to every event they are at!

I looked around for a food truck to serve a late-night snack to our wedding guests for a while, and finally ran into The Chicken Bandit. Cindy and Dennis were so helpful and were just the sweetest people to work with. And did I mention how great their food is!?!? Our guests are still raving about them months later. I cannot thank you 2 enough!!!
